Working Together To Make Indiana Great!

Introducing the Energizing Indiana Energy Efficiency Program

LAUNCHING JANUARY 2012

Energizing Indiana will be a united effort by participating utilities and residents to promote energy efficiency and bring savings to communities across the state. Programs will be offered for homeowners, schools, businesses, and industrial customers to help them identify the best ways to save energy and increase efficiency.

Brought to you by

SAVING ENERGY AND BUILDING THE ECONOMY

This innovative multi-utility, multi-year program has the potential to reach over 2.3 million Indiana residences and thousands of businesses. In just the first few years of the program, it can save enough energy to power 100,000 homes for a year!

Call **888.446.7750** or visit www.energizingindiana.com for more information.

PROGRAMS INCLUDE:

- Residential Home Energy Assessments
- Income Qualified Weatherization Services
- Residential Lighting Discounts
- Commercial & Industrial Rebates
- School Programs: Education Kits & Building Assessments
