

The world belongs to our children.

With **GoGreen Power**, we can make it better.

You can take an active part in preserving the environment for your children and grandchildren. Duke Energy is offering the GoGreen Power program to our Indiana customers. With GoGreen Power, you have the opportunity to purchase affordable energy generated from renewable, environmentally friendly sources.

- Wind
- Coal mine methane
- Landfill gas
- Hydroelectric
- Solar
- Biomass generation

How you can help.

As a GoGreen Power participant, you can purchase the minimum of two (2) 100 kilowatt-hour (kwh) blocks of green power for only \$5.00 a month, which is added to your energy bill.

Beyond this minimum, you can purchase additional 100 kwh blocks of green power for \$2.50 a month. All you have to do is decide how many blocks you want to buy.

The benefits of **GoGreen Power**.

- Advances development of renewable, environmentally friendly energy sources.
- Offsets carbon dioxide emissions in the atmosphere.
- Diversifies energy supply and lessens demand for fossil fuel generation.

Make a difference right now.

Sign up for GoGreen Power today and, for as little as \$5.00 a month, you can help preserve our world for future generations. Sign up online at www.duke-energy.com or call **1.800.423.5401**.
