

RIDER LC (NC)
RESIDENTIAL LOAD CONTROL

AVAILABILITY (North Carolina only)

This Rider is closed and not available to new customers after February 26, 2009. This Rider remains in effect for residential customers on Schedules RS, RE or ES receiving concurrent service from the Company under continually effective agreements for this Rider made prior February 26, 2009, and who are not receiving service under Rider SCG or Rider NM.

This Rider is available on a voluntary basis, at the Company’s option, in areas where the Company operates load control devices. This Rider is available for control of electric central air conditioning (cooling) systems where the following requirements are met:

1. The Customer must agree to control of all central air conditioning installed in the residence.
2. The Company shall have the right to require that the owner of the controlled equipment give satisfactory written approval for the Company’s installation and operation of load control devices on that equipment before entering an agreement with the Customer and making such installation.

INTERRUPTION PERIODS

The Company shall have the right to interrupt service to the Customer’s central air conditioning (cooling) systems at any time the Company has capacity problems.

The Company reserves the right to test the function of these load control provisions at any time.

CREDITS FOR LOAD CONTROL

Payments for air conditioning control will be made to the Customer as a billing credit as follows:

	<u>Billing Month</u>	<u>Credit</u>
Air Conditioning	July – October	\$8.00 per month

The total credits on any monthly bill shall not exceed 35% of the current monthly bill calculated on the appropriate rate schedule exclusive of such credits. In addition, the monthly bill shall not be less than the Basic Facilities Charge for the applicable schedule.

INSTALLATION FEE

Service under this Rider requires a circuit wired through a Company meter enclosure, exclusive of any other load, and suitable for the installation of a load control device. The Customer shall pay a fee as follows:

Prewired for load control service	No charge
Additional wiring for air conditioning service	\$35.00

The Company will not be required to install additional wiring for the charge listed above if the Company determines the wiring cannot be done in a manner which is economically feasible.

CONTRACT PERIOD

The Company offers a contract for customers allowing load control for an initial term of two years, and thereafter until terminated by either party on thirty days’ written notice; however, the Customer may discontinue load control service after the first year.
