

A greener North Carolina
is in your power.

We're working to convert natural resources such as the sun, wind and organic matter into electric energy that's good for the environment. In order to succeed, we need your help! Sign up today to build a greener future.

To enroll visit www.duke-energy.com
or call 1-800-943-7585.

Help NC GreenPower protect your environment.

NC GreenPower is an independent, nonprofit program dedicated to providing more renewable energy sources to our state.

It's easy to make a difference. You can help for as little as \$4 a month. Every \$4 donation will add one block (100 kiloWatt-hours) of green energy to our state's power supply. Over a year, that's the environmental equivalent of planting 150 trees or not driving a car for 73 days!

For your convenience, your contribution will be added to your monthly electric bill.

The dollar amount of your participation is sales tax-free and tax-deductible.
