

## PALMETTO CLEAN ENERGY

A greener future is  
in your hands.

Palmetto Clean Energy (PaCE) is a SC non-profit organization promoting the generation of electric energy through environmentally friendly, renewable resources, such as solar, wind, biomass and water.

### HOW YOU CAN HELP

Duke Energy makes it easy for you to contribute to the advancement of these low-emission technologies through our Palmetto Clean Energy Program. You may

- enroll online at [www.duke-energy.com](http://www.duke-energy.com) or
- enroll by phone at 800-943-7585.

## THE BENEFITS OF PaCE

- Advances the development of energy sources.
- Reduces carbon dioxide emissions in the atmosphere.
- Diversifies energy supply and lessens demand for fossil fuel generation.

## MAKE A DIFFERENCE RIGHT NOW

Every \$4 donation will add one block (100 kilowatt-hours) of renewable energy to our state's power supply. Over a year, that's the environmental equivalent of not driving a car for 74 days or planting 150 trees. The amount you select will be added to your monthly Duke Energy bill. All contributions are tax deductible.
