Financial assistance for winter heating bills may be available to eligible customers. The various programs and resources offered are described below. Agency information and phone numbers can be found on the reverse side of this document.

WinterCare Energy Fund

WinterCare is a Duke Energy sponsored program administered by the Northern Kentucky Community Action Commission. Eligibility for WinterCare assistance is determined, in part, by household income. The Northern Kentucky Community Action Commission (NKCAC) will take applications for WinterCare from November 1, 2011 through May 31, 2012, or until funds are depleted.

For additional information, or to apply for assistance, please call the NKCAC. The telephone number for the county in which you live is listed on the back of this insert.
