

HeatShare

During these uncertain economic times, even more of our elderly neighbors, individuals and families in need may be forced to choose between paying their energy bills and going without basic necessities such as food or medicine.

By teaming up with our customers, employees and shareholders, Duke Energy's HeatShare Program can help those who may have nowhere else to turn.

Thanks to generous contributions from customers like you, HeatShare helped to warm the lives of 925 households in our Southwest Ohio service area last winter.

How you can help

You can help by adding a HeatShare donation to your monthly utility bill payment. Duke Energy will match \$1 for every \$1 donated up to a maximum annual amount of \$200,000.

Look for the HeatShare contribution line in the upper right portion of your monthly bill.
