

<p>Action: Rename Thorpe Reservoir Prerequisite Actions: none</p> <p>Action Description: Rename Lake Thorpe. Change all references to reservoir to Lake Glenville.</p> <p>Applicable Hydro Projects/Developments: West Fork</p>
--

I. Objective

Review references to “Lake Thorpe” and take action to change the name to “Lake Glenville.”

II. Basis

The basis for this study is to a desire to clarify the identity of the reservoir for Thorpe Hydroelectric Project as “Lake Glenville” in references, maps, etc.

III. Geographic and Temporal Scope

This study will affect only the name of the reservoir (lake) for Thorpe Hydroelectric Project and be completed in 2001.

IV. Approach and Analysis

Self-identified members of the public and stakeholders will review documents to check on lake designation. A letter requesting the change will be sent as needed.

V. Schedules and Required Conditions

The study will begin in January 2001.

VI. Results

Results will be a more uniform identification of the reservoir and reduced public confusion.

VII. Participants

	Organization	Name	Phone #	E-Mail
NP&L Lead	Duke Power	Fred Alexander	828-369-4534	Afalexan@duke-energy.com
Agency Contacts				
NP&L Supporting Consultant				
Other Participants	Friends of Lake Glenville	Doug O’Dell	865-590-1865	dodell@juno.com

	Glenville Comm Dev Club	Viola Bryson	743-2146/6395	N/A
	NRLI stakeholder	Glenda Marshall	743-9950	Glenda@safetypays.com

VIII.Expected Benefits

The study plan should result in systematic identification of data sources that need to know the reservoir has been renamed Lake Glenville. Ultimately, this enhance public identification of the reservoir by that name and lead to maps and guides with the correct name.
