

SUPER TUESDAY AT THE WORLD OF ENERGY

February 9th at 10 a.m.

Spring isn't too far away. Come and get an early peek and enjoy the beauty of live orchids—one of the most spectacular blooming plants. Reggie Turetzky, with the Blue Ridge Orchid Society, will discuss how to grow and care for orchids. Once you understand the basics of orchid care, you'll be able to grow them at home. Several varieties of orchids will be on display for your enjoyment. You don't want to miss this preview of the upcoming Orchid Show scheduled for February 19 and 20 at the World of Energy.

April 13th at 10 a.m.

Join Seneca, S.C., wood turner and craftsman Warren Carpenter as he demonstrates his art of turning wood into beautiful works of art. Warren will share basic techniques, a few tricks of the trade and discuss methods used to accomplish fine turned wood. Warren is a member of the Southern Highlands Craft Guild and his works have been featured in many galleries. Warren turns chestnut, cherry, pecan, maple and other types of wood into bowls, vases and other items that display the remarkable grain and beauty of natural wood.

**Super Tuesday programs are free of charge, and no reservation is required.
Light refreshments follow each program.**
