

WinterCare

Every winter many elderly customers and families in need are faced with either paying their energy bills or going without necessities such as food or medicine. This year, the soaring cost of fuel coupled with uncertain economic conditions could place many in greater need of assistance than ever before. By partnering with our customers, employees and shareholders, Duke Energy's WinterCare Program helps those less fortunate stay warm.

Last winter, the WinterCare Program provided assistance to 370 households in our Northern Kentucky service area thanks to generous contributions from customers like you.

How you can help

You can help by adding a WinterCare donation to your monthly utility bill payment. Duke Energy will match \$1 for every \$1 donated up to a maximum annual amount of \$50,000.

Look for the WinterCare contribution line in the upper right portion of your monthly bill.
